

Directions: Read over the report by the United Nations Environment Programme on *Promoting Gender Equality and the Environment*

(<https://www.unep.org/regions/asia-and-pacific/regional-initiatives/promoting-gender-equality-and-environment>). Using paper or a digital resource like canva - construct an infographic that properly and effectively highlights the specific topics of why gender is an important issue to discuss in the climate change debate.

Sections of your Infographic:

- **The Issue** - give a brief overview and introduction to the type of concerns associated with gender and the environment.
- **The Problem** - discuss the imbalance and associated issues in how the environment affects people of different genders differently.
- What is being done - Highlight the work that is being done by organizations like the U.N. to help address gender in the conversation of the environment
 - Mainstreaming
 - Skills
 - Dialogue
