

World Environmentalism

Local and Global Impact

Name:

Instructions: Use the United Nations' website for the Sustainable Development Goals (<https://sdgs.un.org/goals>) to research each of the goal areas. Work with a partner to complete the activity below (only one member needs to turn in assignment paper). For each of the SDGs work with a partner to come up with an explanation of what the goal area is trying to achieve. Then, brainstorm with your partner to come up with possible actions you could realistically take now to help achieve the goals of each SDG. Once finished, answer the thought questions at the bottom of the page.
