Treating PTSD

Leveled Assessment ____/4

Name:

Section:

Score: ____/5

Directions: Using your own ideas come up with an idea to treat returning soldiers who have Post Traumatic Stress Disorder (PTSD) using therapy animals. Watch the K9s for Warriors PSA (linked on the course website) as an idea and then write up a plan citing the Stimuli, and Response. Use psychological concepts in you explanation.

Step 1: Define the Following Terms

- a. Conditioned Response -

- b. Conditioned Stimuli –

- c. Observational Learning –

- d. Temperament –

- e. Preparedness –

- f. Counter conditioning

- g. Aversion Therapy –

Step 2: Explain PTSD

Directions: Read the article by Psychology Today titled “Post Traumatic Stress Disorder” and explain what PTSD is and why soldiers returning from warzones might experience it, and why it would be difficult to treat individual cases of it.
