

World Environmentalism

Until They May Return

Name:

Instructions: Read the two articles regarding the Pere David Deer and then answer the thought questions below.

WWF - Saving the Pere David's Deer

(<https://www.worldwildlife.org/stories/saving-the-pere-david-s-deer>)

WCS - Bronx Zoo Welcomes Four Pere David's Fawns

(<https://newsroom.wcs.org/News-Releases/articleType/ArticleView/articleId/10005/Bronx-Zoo-Welcomes-Four-Pere-Davids-Deer-Fawns.aspx>)

1. Summarize how zoos have worked together with other conservation organizations to save the Pere David's Deer.

2. Make an argument why removing animals from the wild might be the most ethical in terms of protecting them as a species using the Pere David's deer as an example.

3. Just because it may have been successful in the past, make an argument for why it may not be ethical to remove animals in the wild in order to try to save them.

Next Class...

We'll be discussing your arguments while actually going to see the zoo's collection of Pere David's deer next class so plan accordingly!
